Petrey y Janachowski y Kissane     

**6 HVAC Masters renewal**

4796 per year vs prior of 4696

## 7 Sports Arena Update

Initial geo pier load test failed. 80 extra piers were dug and grout was added to stiffen the piers. Further, grout was added to approx two thirds of the piers to make sure the building would not move. Final tests conducted shows the design exceeds the specifications. Seeco has been on scene throughout as our eyes and ears in the field and they are very satisfied with the progress of the project so far.

## 8 Christian Hills Update

Final permit submission is imminent.

We will be holding off on adding pedestrian access to the north side of the park due to the expected cost of 100-150K. If we decide it is needed later, it should not increase the cost to do it later.

## 9 Refuse RFP Update

RFP's were sent to 8 different companies. 3 submitted a proposal.

Republic came in with a 45% increase in year one and 5% escalations each of the next years.

WM proposal is identical to current with a 15% price increase in year one and 5% escalations each of the next years. It also includes an annual 2500 donation to PIP. WM also gives Sr Citizens a \$2 per month discount.

Groot came in at a lower monthly rate than WM but the contracts are not identical. For example, Groot does not offer a hazardous waste disposal option. They also charge for bulk items over 50 lbs. And charge for all white goods pick ups. Groot would change pick up day to Wed from Thurs and would charge for a lawn waste toter. The committee felt that the change away from Waste Management would be likely to be detrimental for the residents.
